Highlights of the week

Year 7: The highlight of the week was seeing 2 external providers come in and deliver some amazing assemblies and both commented on how well behaved and respectful our students were in the assembly. Big shout out to all students for listening and engaging with the content. You make us proud!

Year 8: Hearing Wiktorja and Khadija with their amazing speeches in English on conflict. Truly great work girls! Year 8 have also helped launch a new incentive which has seen our first "Redbox" winners Shuja, Basel and Malik. Students who are spotted being outstanding are given raffle tickets during the week and get a chance of a visit to the year office for a prize. We look forward to two more draws next week!!

Year 9: It has been wonderful to see our Year 9 students so excited for the upcoming trips - Alton Towers and further University trips. We hope everyone celebrating Eid has the most special day of celebrations and making treasured memories!

Year 10: We had an incredible 2-hour workshop delivered by the external provider 'Positively You', which shared on how to revise and prepare effectively for examinations effectively

Year 11: It has been incredibly encouraging to see so many pupils walking out of the exam hall with smiles, supporting each other, and reflecting positively on how far they've come. This series hasn't been easy, but your resilience, effort, and determination have truly stood out, we are so proud of how you are handling the pressure. Keep pushing through, you're almost there!

Sixth Form: Nottingham Trent University came into Sixth Form on Monday to deliver a session to Year 12 students about the UCAS process. This was a fact filled, informative assembly and students are now aware of the UCAS timeline and the next steps they need to take to research university courses.
